

GREY SPIRIT

The immensely popular Grey Spirit Prestige outfit is cuttingly contemporary, providing an edgy twist to the more traditional highland outfit.

To create a strikingly different look, a white collar shirt and grey cravat have been teamed up with one of our new range of 14 waistcoats, which can now be seen online at smithshighlandwear.com

For a slightly more traditional feel a black Argyle jacket, with its turned back cuff known as a gauntlet, is equally as striking and distinctive.
